**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**Note 1—Description of Organization, Business Operations and Basis of Presentation**

Reinvent Technology Partners (the “Company”), is a blank check company incorporated as a Cayman Islands exempted company on July 3, 2020. On February 23, 2021, RTP Merger Sub Inc., a Delaware corporation and a direct wholly owned subsidiary of the Company was formed. The Company was incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses that the Company has not yet identified (“Business Combination”).

All activity for the period from July 3, 2020 (inception) through March 31, 2021 relates to the Company’s formation and the initial public offering (the “Initial Public Offering”), which is described below, and subsequent to the Initial Public Offering, the search for a target company for a Business Combination. The Company has selected December 31 as its fiscal year end. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income on cash and cash equivalents from the net proceeds derived from the Initial Public Offering and Private Placement (defined below).

The Company’s sponsor is Reinvent Sponsor LLC, a Cayman Islands limited liability company (the “Sponsor”). The registration statement for the Company’s Initial Public Offering was declared effective on September 16, 2020. On September 21, 2020, the Company consummated its Initial Public Offering of 69,000,000 units (the “Units” and, with respect to the Class A ordinary shares included in the Units, the “Public Shares”), including 9,000,000 additional Units to cover over-allotments (the “Over-Allotment Units”), at \$10.00 per Unit, generating gross proceeds of \$690.0 million, and incurring offering costs of approximately \$38.8 million, inclusive of approximately \$24.2 million in deferred underwriting commissions (Note 5).

Substantially concurrently with the closing of the Initial Public Offering, the Company consummated the private placement (the “Private Placement”) of 11,533,333 warrants (each, a “Private Placement Warrant” and collectively, the “Private Placement Warrants”), at a price of \$1.50 per Private Placement Warrant to the Sponsor, generating gross proceeds of \$17.3 million (Note 4).

Upon the closing of the Initial Public Offering and the Private Placement, \$690.0 million (\$10.00 per Unit) of the net proceeds of the Initial Public Offering and certain of the proceeds of the Private Placement were placed in a trust account (“Trust Account”) with Continental Stock Transfer & Trust Company acting as trustee and invested in United States government treasury bills with a maturity of 185 days or less or in money market funds investing solely in U.S. Treasuries and meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, or the Investment Company Act, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of its Initial Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company’s initial Business Combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the Trust Account (net of amounts disbursed to management for working capital purposes, if permitted, and excluding the amount of any deferred underwriting discount held in Trust) at the time the Company signs a definitive agreement in connection with the initial Business Combination. However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act.

The Company will provide its holders of Public Shares (the “Public Shareholders”) with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a general meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account. The per-share amount to be distributed to Public Shareholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (as discussed in Note 5). These Public Shares will be recorded at a redemption value and classified as temporary equity upon the completion of the Initial Public Offering, in accordance with Accounting Standards

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.” In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon such consummation of a Business Combination and a majority of the shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by law and the Company does not decide to hold a shareholder vote for business or other reasons, the Company will, pursuant to the amended and restated memorandum and articles of association which were adopted by the Company upon the consummation of the Initial Public Offering (the “Amended and Restated Memorandum and Articles of Association”), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the “SEC”), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a shareholder approval of the transactions is required by law, or the Company decides to obtain shareholder approval for business or other reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction. If the Company seeks shareholder approval in connection with a Business Combination, the holders of the Founder Shares (as defined in Note 4) prior to the Initial Public Offering (the “Initial Shareholders”) have agreed to vote their Founder Shares and any Public Shares purchased by them during or after the Initial Public Offering in favor of a Business Combination. In addition, the Initial Shareholders have agreed to waive their redemption rights with respect to their Founder Shares and Public Shares in connection with the completion of a Business Combination.

Notwithstanding the foregoing, the Company’s Amended and Restated Memorandum and Articles of Association provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the Class A ordinary shares sold in the Initial Public Offering, without the prior consent of the Company.

The Company’s Sponsor, executive officers and directors have agreed not to propose an amendment to the Company’s Amended and Restated Memorandum and Articles of Association that would affect the substance or timing of the Company’s obligation to provide for the redemption of its Public Shares in connection with a Business Combination or to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Shareholders with the opportunity to redeem their Class A ordinary shares in conjunction with any such amendment.

If the Company is unable to complete a Business Combination within 24 months from the closing of the Initial Public Offering, or 27 months from the closing of the Initial Public Offering if the Company has executed a letter of intent, agreement in principle or definitive agreement for an initial Business Combination within 24 months from the closing of the Initial Public Offering (as such period may be extended, the “Combination Period”), the Company will (i) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but not more than 10 business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to fund its working capital requirements, subject to an annual limit of \$500,000, and/or to pay its taxes (less up to \$100,000 of interest to pay dissolution expenses and which interest shall be net of taxes payable), divided by the number of then issued and outstanding Public Shares, which redemption will completely extinguish Public Shareholders’ rights as shareholders (including the right to receive further liquidating distributions, if any); and (3) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the board of directors, liquidate and dissolve, subject in each case to the Company’s obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

The Initial Shareholders agreed to waive their liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Shareholders should acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commission (see Note 5) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Company’s Public Shares. In the

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only \$10.00 per share initially held in the Trust Account. In order to protect the amounts held in the Trust Account, the Sponsor has agreed that it will be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a written letter of intent, confidentiality or other similar agreement or business combination agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) \$10.00 per Public Share and (ii) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company's indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). In the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have vendors, service providers (except the Company's independent registered public accounting firm), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

*Proposed Joby Business Combination*

On February 23, 2021, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Joby Aero, Inc., a Delaware corporation ("Joby"), and RTP Merger Sub Inc., a Delaware corporation and a direct wholly owned subsidiary of the Company ("Merger Sub"). The Merger Agreement provides that, among other things and upon the terms and subject to the conditions thereof, the following transactions will occur (together with the other agreements and transactions contemplated by the Merger Agreement, the "Joby Business Combination"): (i) at the closing of the transactions contemplated by the Merger Agreement (the "Closing"), upon the terms and subject to the conditions of the Merger Agreement, in accordance with the General Corporation Law of the State of Delaware, as amended ("DGCL"), Merger Sub will merge with and into Joby, the separate corporate existence of Merger Sub will cease and Joby will be the surviving corporation and a wholly owned subsidiary of the Company (the "Merger"); (ii) as a result of the Merger, among other things, all outstanding shares of capital stock of Joby (excluding the capital stock of Joby issued pursuant to the Note Conversion (as defined in the Merger Agreement)) will be canceled in exchange for the right to receive, in the aggregate, a number of shares of RTP Common Stock (as defined below) equal to the quotient obtained by dividing (x) \$5,000,000,000 by (y) \$10.00; (iii) as a result of the Merger, among other things, an additional 7,500,000 shares of RTP Common Stock will be issued to the holder of the Uber Note (as defined in the Merger Agreement) with respect to the outstanding principal amount pursuant to the Note Conversion and the Merger; and (iv) upon the effective time of the Domestication (as defined below), the Company will immediately be renamed "Joby Aviation, Inc."

Prior to the Closing, subject to the approval of the Company's shareholders, and in accordance with the DGCL, Cayman Islands Companies Act (as revised) (the "CICA") and the Company's amended and restated memorandum and articles of association, the Company will effect a deregistration under the CICA and a domestication under Section 388 of the DGCL (by means of filing a certificate of domestication with the Secretary of State of Delaware), pursuant to which the Company's jurisdiction of incorporation will be changed from the Cayman Islands to the State of Delaware (the "Domestication").

In connection with the Domestication, (i) each of the then issued and outstanding Class A ordinary shares, par value \$0.0001 per share, of the Company, will convert automatically, on a one-for-one basis, into a share of common stock, par value \$0.0001, of the Company (after its Domestication) (the "RTP Common Stock"), (ii) each of the then issued and outstanding Class B ordinary shares, par value \$0.0001 per share, of the Company, will convert automatically, on a one-for-one basis, into a share of RTP Common Stock, (iii) each then issued and outstanding warrant of the Company will convert automatically into a warrant to acquire one share of RTP Common Stock ("Domesticated RTP Warrant"), and (iv) each then issued and outstanding unit of the Company (the "Cayman RTP Units") will convert automatically into a share of RTP Common Stock, on a one-for-one basis, and one-fourth of one Domesticated RTP Warrant.

**REINVENT TECHNOLOGY PARTNERS  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

On February 23, 2021, concurrently with the execution of the Merger Agreement, the Company entered into subscription agreements with certain investors (collectively, the “PIPE Investors”), pursuant to, and on the terms and subject to the conditions of which, the PIPE Investors have collectively subscribed for 83.5 million shares of RTP Common Stock for an aggregate purchase price equal to \$835 million (the “PIPE Investment”), \$115 million of which is expected to be funded in the aggregate by Reinvent Technology SPV I LLC and Reinvent Capital Fund LP. The PIPE Investment will be consummated substantially concurrently with the Closing.

The consummation of the proposed Joby Business Combination is subject to certain conditions as further described in the Merger Agreement.

*Basis of Presentation*

The accompanying unaudited condensed consolidated financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) and pursuant to the rules and regulations of the SEC. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP. In the opinion of management, the unaudited condensed consolidated financial statements reflect all adjustments, which include only normal recurring adjustments necessary for the fair statement of the balances and results for the periods presented. Operating results for the three months ended March 31, 2021 are not necessarily indicative of the results that may be expected through December 31, 2021. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the audited financial statements contained in Amendment No. 1 to the Company’s Annual Report on Form 10-K/A filed with the SEC on May 13, 2021.

*Emerging Growth Company*

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

This may make comparison of the Company’s financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

*Liquidity and Capital Resources*

As of March 31, 2021, the Company had approximately \$873,000 in its operating bank account, and working capital of approximately \$719,000.

The Company’s liquidity needs to date have been satisfied through a contribution of \$25,000 from the Sponsor to cover for certain expenses in exchange for the issuance of the Founder Shares, the loan of approximately \$194,000 from the Sponsor pursuant to the promissory note (see Note 4), and the proceeds from the consummation of the Initial Public Offering and Private Placement not held in the Trust Account. The Company fully repaid the promissory note as of September 21, 2020 (see Note 4). In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company’s officers and directors may, but are not obligated to, provide the Company Working Capital Loans (see Note 4). As of March 31, 2021, there were no amounts outstanding under any Working Capital Loan.

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

Based on the foregoing, management believes that the Company will have sufficient working capital and borrowing capacity from the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors to meet its needs through the earlier of the consummation of a Business Combination and one year from this filing. Over this time period, the Company will be using these funds for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination.

*Risk and Uncertainties*

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak"). In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve. The impact of the COVID-19 outbreak on the Company's results of operations, financial position and cash flows will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions. These developments and the impact of the COVID-19 outbreak on the financial markets and the overall economy are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Company's results of operations, financial position and cash flows may be materially adversely affected. Additionally, the Company's ability to complete an initial Business Combination may be materially adversely affected due to significant governmental measures that have been, and may in the future be, implemented to contain the COVID-19 outbreak or treat its impact, including travel restrictions, the shutdown of businesses and quarantines, among others, which may limit the Company's ability to have meetings with potential investors or affect the ability of a potential target company's personnel, vendors and service providers to negotiate and consummate an initial Business Combination in a timely manner. The Company's ability to consummate an initial Business Combination may also be dependent on the ability to raise additional equity and debt financing, which may be impacted by the COVID-19 outbreak and the resulting market downturn.

**Note 2—Summary of Significant Accounting Policies**

*Use of Estimates*

The preparation of the Company's unaudited condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

*Cash and Cash Equivalents*

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents.

*Investments Held in Trust Account*

The Company's portfolio of investments is comprised solely of U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities, or a combination thereof. The Company's investments held in the Trust Account are classified as trading securities. Trading securities are presented on the balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities is included in unrealized loss on investments held in Trust Account in the accompanying unaudited condensed consolidated statement of operations. The estimated fair values of investments held in the Trust Account are determined using available market information.

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

*Concentration of Credit Risk*

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the Federal Depository Insurance Coverage of \$250,000, and investments held in Trust Account. At March 31, 2021, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

*Fair Value of Financial Instruments*

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

As of March 31, 2021, the carrying values of cash, accounts payable and accrued expenses approximate their fair values due to the short-term nature of the instruments. The Company's portfolio of investments held in the Trust Account is comprised of investments in U.S. Treasury securities with an original maturity of 185 days or less or investments in money market funds that invest in U.S. government securities, or a combination thereof. The fair value for trading securities is determined using quoted market prices in active markets.

*Derivative Warrant Liabilities*

The Company does not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. The Company evaluates all of its financial instruments, including issued stock purchase warrants, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and ASC 815-15. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

The Company issued an aggregate of 17,250,000 warrants as part of the Units offered in the Initial Public Offering and an aggregate of 11,533,333 Private Placement Warrants concurrently with the closing of the Initial Public Offering. All of the Company's outstanding warrants are recognized as derivative liabilities in accordance with ASC 815-40. Accordingly, the Company recognizes the warrant instruments as liabilities at fair value and adjust the instruments to fair value at each reporting period. The liabilities are subject to remeasurement at each balance sheet date until exercised, and any change in fair value is recognized in the Company's statement of operations. The fair value of warrants issued in connection with the Initial Public Offering and Private Placement were initially measured

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

at fair value using a Monte Carlo simulation model and subsequently, the fair value of the Private Placement warrants have been estimated using a Monte Carlo simulation model each measurement date. The fair value of Warrants issued in connection with our Initial Public Offering have subsequently been measured based on the listed market price of such warrants.

*Offering Costs Associated with the Initial Public Offering*

Offering costs consisted of legal, accounting, underwriting and other costs incurred that were directly related to the Initial Public Offering. Offering costs are allocated to the separable financial instruments issued in the Initial Public Offering based on a relative fair value basis, compared to total proceeds received. Offering costs associated with warrant liabilities are expensed as incurred, presented as non-operating expenses in the statement of operations. Offering costs associated with the Class A ordinary shares were charged to shareholders' equity upon the completion of the Initial Public Offering.

*Class A Ordinary Shares Subject to Possible Redemption*

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in ASC Topic 480 "Distinguishing Liabilities from Equity." Class A ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) are classified as temporary equity. At all other times, Class A ordinary shares are classified as shareholders' equity. The Company's Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of uncertain future events. Accordingly, at March 31, 2021, 60,323,121 Class A ordinary shares subject to possible redemption are presented as temporary equity, outside of the shareholders' equity section of the Company's balance sheet.

*Income Taxes*

FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of March 31, 2021. The Company's management determined that the Cayman Islands is the Company's only major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties as of March 31, 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception.

There is currently no taxation imposed on income by the Government of the Cayman Islands. In accordance with Cayman income tax regulations, income taxes are not levied on the Company. Consequently, income taxes are not reflected in the Company's unaudited condensed consolidated financial statements. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

*Net Income (Loss) Per Ordinary Share*

Net income (loss) per ordinary share is computed by dividing net income (loss) by the weighted-average number of ordinary shares outstanding during the periods. The Company has not considered the effect of the warrants sold in the Initial Public Offering and the Private Placement to purchase an aggregate of 28,783,333, of the Company's Class A ordinary shares in the calculation of diluted net income (loss) per share, since their inclusion would be anti-dilutive under the treasury stock method.

The Company's unaudited condensed consolidated statement of operations includes a presentation of net income (loss) per share for ordinary shares subject to redemption in a manner similar to the two-class method of net income (loss) per share. Net income (loss) per ordinary share, basic and diluted for Class A ordinary shares is calculated by dividing the interest income (loss) earned on investments held in the Trust Account, net of applicable taxes and interest to fund

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

working capital requirements, subject to an annual limit of \$500,000, available to be withdrawn from the Trust Account, resulting in income of approximately \$40.6 million for the three months ended March 31, 2021, by the weighted average number of Class A ordinary shares outstanding for the period. Net income (loss) per ordinary share, basic and diluted for Class B ordinary shares is calculated by dividing the net income (loss), less net income (loss) attributable to Class A ordinary shares by the weighted average number of Class B ordinary shares outstanding for the period.

*Recent Accounting Pronouncements*

Management does not believe that any recently issued, but not yet effective, accounting pronouncement if currently adopted would have a material effect on the Company's unaudited condensed consolidated financial statements.

**Note 3—Initial Public Offering**

On September 21, 2020, the Company consummated its Initial Public Offering of 69,000,000 Units, including 9,000,000 Over-Allotment Units, at \$10.00 per Unit, generating gross proceeds of \$690.0 million, and incurring offering costs of approximately \$38.8 million, inclusive of approximately \$24.2 million in deferred underwriting commissions.

Each Unit consists of one Class A ordinary share and one-quarter of one redeemable warrant ("Public Warrant"). Each whole Public Warrant will entitle the holder to purchase one Class A ordinary share at an exercise price of \$11.50 per share, subject to adjustment (see Note 6).

**Note 4—Related Party Transactions**

*Founder Shares*

On August 4, 2020, the Sponsor paid an aggregate of \$25,000 to cover certain expenses on behalf of the Company in exchange for issuance of 14,375,000 ordinary shares (the "Founder Shares"). On August 28, 2020, the Company effected a share capitalization resulting in the Sponsor holding an aggregate of 17,250,000 Founder Shares. All shares and the associated amounts in the accompanying unaudited condensed consolidated financial statements and notes thereto have been retroactively restated to reflect the share capitalization. Subsequent to the share capitalization, on August 28, 2020, the Sponsor transferred 30,000 Founder Shares to each of the Company's independent director nominees. The Sponsor agreed to forfeit up to an aggregate of 2,250,000 Founder Shares to the extent that the option to purchase Over-Allotment Units was not exercised in full by the underwriters, so that the Founder Shares would represent 20% of the Company's issued and outstanding shares after the Initial Public Offering. The underwriters fully exercised their over-allotment option on September 17, 2020; thus, those Founder Shares were no longer subject to forfeiture.

The Initial Shareholders agreed not to transfer, assign or sell any of their Founder Shares until the earlier to occur of (1) one year after the completion of the initial Business Combination; and (2) subsequent to the initial Business Combination (x) if the last reported sale price of Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, rights issuances, consolidations, reorganizations, recapitalizations and other similar transactions) for any 20 trading days within any 30-trading day period commencing at least 150 days after the initial Business Combination or (y) the date on which the Company completes a liquidation, merger, share exchange, reorganization or other similar transaction that results in all of the Public Shareholders having the right to exchange their ordinary shares for cash, securities or other property.

*Private Placement Warrants*

Substantially concurrently with the closing of the Initial Public Offering, the Company consummated the Private Placement of 11,533,333 Private Placement Warrants, at a price of \$1.50 per Private Placement Warrant with the Sponsor, generating gross proceeds of \$17.3 million.

Each Private Placement Warrant is exercisable for one Class A ordinary share at a price of \$11.50 per share. A portion of the proceeds from the sale of the Private Placement Warrants to the Sponsor was added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable for cash and exercisable on a cashless basis, except as described in Note 6, so long as they are held by the Sponsor or its permitted transferees.

**REINVENT TECHNOLOGY PARTNERS  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

The Sponsor and the Company's officers and directors agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Warrants until 30 days after the completion of the initial Business Combination.

*Related Party Loans*

On August 4, 2020, the Sponsor agreed to loan the Company up to \$300,000 to be used for the payment of costs related to the Initial Public Offering pursuant to a promissory note (the "Note"). The Note was non-interest bearing, unsecured and due upon the closing of the Initial Public Offering. The Company borrowed approximately \$194,000 under the Note. The Company repaid the Note in full as of September 21, 2020.

In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor, members of the Company's founding team or any of their affiliates may, but are not obligated to, loan the Company funds as may be required ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination, without interest, or, at the lender's discretion, up to \$2,500,000 of such Working Capital Loans may be convertible into warrants of the post Business Combination entity at a price of \$1.50 per warrant. The warrants would be identical to the Private Placement Warrants. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. As of March 31, 2021, the Company had no borrowings under the Working Capital Loans.

*Support Services Agreement*

The Company entered into a support services agreement (the "Support Services Agreement") that provides that, commencing on the date that the Company's securities were first listed on the NYSE through the earlier of consummation of the initial Business Combination and the liquidation, the Company will pay Support Services Fees to Reinvent Capital LLC ("Reinvent Capital") that total \$1,875,000 per year for support and administrative services, as well as reimburse Reinvent Capital for any out-of-pocket expenses it incurs in connection with providing services or for office space under the Support Services Agreement. As of March 31, 2021, the Company had approximately \$45,000 in Due to related party. As of December 31, 2020, the Company prepaid \$468,750, to Reinvent Capital as part of the Support Services Agreement and recognized approximately \$513,000 in the statement of operations for the three months ended March 31, 2021.

In addition, the Sponsor, officers and directors, or any of their respective affiliates will be reimbursed for any out-of-pocket expenses incurred in connection with activities on the Company's behalf such as identifying potential target businesses and performing due diligence on suitable Business Combinations. The Company's audit committee will review on a quarterly basis all payments that were made to the Sponsor, officers or directors, or the Company's or their affiliates. Any such payments prior to an initial Business Combination will be made from funds held outside the Trust Account, including funds released from the Trust Account to pay for working capital, subject to an annual limit of \$500,000.

**Note 5—Commitments and Contingencies**

*Registration Rights*

The holders of the Founder Shares, Private Placement Warrants and any warrants that may be issued upon conversion of Working Capital Loans (and any Class A ordinary shares issuable upon the exercise of the Private Placement Warrants or warrants issued upon conversion of the Working Capital Loans and upon conversion of the

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

Founder Shares) are entitled to registration rights pursuant to a registration rights agreement. The holders of these securities are entitled to make up to three demands, excluding short form demands, that the Company registers such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the completion of the initial Business Combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

*Underwriting Agreement*

The Company granted the underwriters a 45-day option from the date of the final prospectus to purchase up to 9,000,000 Over-Allotment Units at the Initial Public Offering price less the underwriting discounts and commissions. The underwriters fully exercised their over-allotment option on September 17, 2020.

The underwriters were entitled to an underwriting discount of \$0.20 per unit, or \$13.8 million in the aggregate, paid upon the closing of the Initial Public Offering. In addition, \$0.35 per unit, or approximately \$24.2 million in the aggregate will be payable to the underwriters for deferred underwriting commissions. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

**Note 6—Shareholders’ Equity**

**Class A Ordinary Shares** — The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of \$0.0001 per share. At March 31, 2021, there were 69,000,000 Class A ordinary shares issued and outstanding, including 60,323,121 Class A ordinary shares subject to possible redemption.

**Class B Ordinary Shares** — The Company is authorized to issue 50,000,000 Class B ordinary shares with a par value of \$0.0001 per share. On August 4, 2020, 14,375,000 Class B ordinary shares were issued and outstanding. On August 28, 2020, the Company effected a share capitalization resulting in the Sponsor holding an aggregate of 17,250,000 Class B ordinary shares. All shares and the associated amounts in the accompanying unaudited condensed consolidated financial statements and notes thereto have been retroactively restated to reflect the share capitalization. Of the 17,250,000 Class B ordinary shares, an aggregate of up to 2,250,000 Class B ordinary shares that were subject to forfeiture, to the Company by the Sponsor for no consideration to the extent that the underwriters’ over-allotment option was not exercised in full or in part, so that the Initial Shareholders would collectively own 20% of the Company’s issued and outstanding ordinary shares after the Initial Public Offering. The underwriters fully exercised their over-allotment option on September 17, 2020; thus, those shares were no longer subject to forfeiture. At March 31, 2021, 17,250,000 Class B ordinary shares were issued and outstanding.

Class A ordinary shareholders and Class B ordinary shareholders of record are entitled to one vote for each share held on all matters to be voted on by shareholders and vote together as a single class, except as required by law; provided, that, prior to the initial Business Combination, holders of Class B ordinary shares will have the right to appoint all of the Company’s directors and remove members of the board of directors for any reason, and holders of Class A ordinary shares will not be entitled to vote on the appointment of directors during such time.

The Class B ordinary shares will automatically convert into Class A ordinary shares at the time of the initial Business Combination, or earlier at the option of the holder, on a one-for-one basis, subject to adjustment for share sub-divisions, share dividends, rights issuances, consolidations, reorganizations, recapitalizations and the like, and subject to further adjustment. In the case that additional Class A ordinary shares, or equity-linked securities, are issued or deemed issued in excess of the amounts issued in the Initial Public Offering and related to the closing of the initial Business Combination, the ratio at which the Class B ordinary shares will convert into Class A ordinary shares will be adjusted (unless the holders of a majority of the issued and outstanding Class B ordinary shares agree to waive such anti-dilution adjustment with respect to any such issuance or deemed issuance) so that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of all ordinary shares issued and outstanding upon the completion of the Initial Public Offering plus all Class A ordinary shares and equity-linked securities issued or deemed issued in connection with the initial Business Combination, excluding any shares or equity-linked securities issued, or to be issued, to any seller in the initial Business Combination. In no event will the Class B ordinary shares convert into Class A ordinary shares at a rate of less than one to one.

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**Preference Shares** — The Company is authorized to issue 5,000,000 preference shares with a par value of \$0.0001 per share. At March 31, 2021, there were no preference shares issued or outstanding.

**Note 7—Derivative Warrant Liabilities**

As of March 31, 2021, the Company had 17,250,000 Public Warrants and 11,533,333 Private Placement Warrants outstanding.

Public Warrants may only be exercised for a whole number of shares. No fractional Public Warrants will be issued upon separation of the Units and only whole Public Warrants will trade. The Public Warrants will become exercisable on the later of (a) 30 days after the completion of a Business Combination and (b) 12 months from the closing of the Initial Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the issuance of the Class A ordinary shares issuable upon exercise of the warrants and a current prospectus relating to them is available and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder (or the Company permits holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement). The Company has agreed that as soon as practicable, but in no event later than 15 business days after the closing of the initial Business Combination, the Company will use its commercially reasonable efforts to file with the SEC a registration statement covering the issuance of the Class A ordinary shares issuable upon exercise of the warrants, and the Company will use its commercially reasonable efforts to cause the same to become effective within 60 business days after the closing of the initial Business Combination and to maintain the effectiveness of such registration statement and a current prospectus relating to those Class A ordinary shares until the warrants expire or are redeemed; provided that if the Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public Warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company so elects, it will not be required to file or maintain in effect a registration statement.

The warrants have an exercise price of \$11.50 per share, subject to adjustments, and will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation. In addition, if (x) the Company issues additional ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination at an issue price or effective issue price of less than \$9.20 per ordinary share (with such issue price or effective issue price to be determined in good faith by the board of directors and, in the case of any such issuance to the Sponsor or its affiliates, without taking into account any Founder Shares held by the Sponsor or such affiliates, as applicable, prior to such issuance) (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the initial Business Combination on the date of the completion of the initial Business Combination (net of redemptions), and (z) the volume weighted average trading price of Class A ordinary shares during the 20 trading day period starting on the trading day prior to the day on which the Company consummates its initial business Combination (such price, the “Market Value”) is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, the \$18.00 per share redemption trigger price described below under “Redemption of warrants when the price per Class A ordinary share equals or exceeds \$18.00” and “Redemption of warrants when the price per Class A ordinary share equals or exceeds \$10.00” will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price, and the \$10.00 per share redemption trigger price described below under “Redemption of warrants when the price per Class A ordinary share equals or exceeds \$10.00” will be adjusted (to the nearest cent) to be equal to the higher of the Market Value and the Newly Issued Price.

The Private Placement Warrants are identical to the Public Warrants underlying the Units sold in the Initial Public Offering, except that the Private Placement Warrants and the Class A ordinary shares issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be non-redeemable, except as described below, so long as they are held by the initial purchasers or such purchasers’ permitted transferees. If the Private Placement Warrants are held by someone other than the Initial Shareholders or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

*Redemption of warrants when the price per Class A ordinary share equals or exceeds \$18.00:*

Once the warrants become exercisable, the Company may redeem the outstanding warrants (except as described herein with respect to the Private Placement Warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days' prior written notice of redemption to each warrant holder; and
- if, and only if, the last reported sale price of Class A ordinary shares for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders (the "Reference Value") equals or exceeds \$18.00 per share (as adjusted).

The Company will not redeem the warrants as described above unless a registration statement under the Securities Act covering the issuance of the Class A ordinary shares issuable upon exercise of the warrants is then effective and a current prospectus relating to those Class A ordinary shares is available throughout the 30-day redemption period. If and when the warrants become redeemable by the Company, it may exercise its redemption right even if the Company is unable to register or qualify the underlying securities for sale under all applicable state securities laws.

*Redemption of warrants when the price per Class A ordinary share equals or exceeds \$10.00:*

Once the warrants become exercisable, the Company may redeem the outstanding warrants (except as described herein with respect to the Private Placement Warrants):

- in whole and not in part;
- at \$0.10 per warrant upon a minimum of 30 days' prior written notice of redemption provided that holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares determined by reference to an agreed table based on the redemption date and the "fair market value" of Class A ordinary shares;
- if, and only if, the Reference Value equals or exceeds \$10.00 per share (as adjusted); and
- if the Reference Value is less than \$18.00 per share (as adjusted), the Private Placement Warrants must also concurrently be called for redemption on the same terms as the outstanding Public Warrants, as described above.

The "fair market value" of Class A ordinary shares shall mean the volume-weighted average price of Class A ordinary shares for the 10 trading days following the date on which the notice of redemption is sent to the holders of warrants. In no event will the warrants be exercisable in connection with this redemption feature for more than 0.361 Class A ordinary shares per warrant (subject to adjustment).

In no event will the Company be required to net cash settle any warrant. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**Note 8—Fair Value Measurements**

The following tables present information about the Company’s assets that are measured at fair value on a recurring basis as of March 31, 2021 and December 31, 2020 and indicates the fair value hierarchy of the valuation techniques that the Company utilized to determine such fair value.

**March 31, 2021**

U.S. Treasury Securities	\$ 690,167,879	\$ —	\$ —
<b>Liabilities:</b>			
Derivative warrant liabilities – public warrants	\$ 56,112,680	\$ —	\$ —
Derivative warrant liabilities – private warrants	\$ —	\$ —	\$ 43,825,360

The remainder of the balance in Investments held in Trust Account is comprised of cash equivalents. Level 1 instruments include investments in cash, money market funds and U.S. Treasury securities. The Company uses inputs such as actual trade data, benchmark yields, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

Transfers to/from Levels 1, 2, and 3 are recognized at the end of the reporting period. There were no transfers from a Level 3 measurement to a Level 1 for the three months ended March 31, 2021.

The fair value of the Public Warrants issued in connection with the Public Offering and Private Placement Warrants were initially measured at fair value using a Monte Carlo simulation model and subsequently, the fair value of the Private Placement Warrants have been estimated using a Monte Carlo simulation model each measurement date. The fair value of Public Warrants issued in connection with the Initial Public Offering have been measured based on the listed market price of such warrants, a Level 1 measurement, since November 2020. For the period ended March 31, 2021, the Company recognized a charge to the statement of operations resulting from a decrease in the fair value of liabilities of approximately \$41.8 million presented as change in fair value of derivative warrant liabilities on the accompanying statement of operations.

The estimated fair value of the Private Placement Warrants, and the Public Warrants prior to being separately listed and traded, is determined using Level 3 inputs. Inherent in a Monte Carlo simulation are assumptions related to expected stock-price volatility, expected life, risk-free interest rate and dividend yield. The Company estimates the volatility of its common stock warrants based on implied volatility from the Company’s traded warrants and from historical volatility of select peer company’s common stock that matches the expected remaining life of the warrants. The risk-free interest rate is based on the U.S. Treasury zero-coupon yield curve on the grant date for a maturity similar to the expected remaining life of the warrants. The expected life of the warrants is assumed to be equivalent to their remaining contractual term. The dividend rate is based on the historical rate, which the Company anticipates remaining at zero.

**REINVENT TECHNOLOGY PARTNERS**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

The following table provides quantitative information regarding Level 3 fair value measurements inputs at their measurement dates:

	As of March 31, 2021	As of December 31, 2020
Stock price	\$ 10.15	\$ 11.56
Volatility	26.5%	40.4%
Expected life of the options to convert	5.21	5.46
Risk-free rate	0.97%	0.43%
Dividend yield	—	—

The change in the fair value of the derivative warrant liabilities for three months ended March 31, 2021 is summarized as follows:

Derivative warrant liabilities at December 31, 2020	\$ 99,938,040
Change in fair value of derivative warrant liabilities	<u>(41,818,550)</u>
Derivative warrant liabilities at March 31, 2021	<u>\$ 58,119,490</u>

**Note 9—Subsequent Events**

Management has evaluated subsequent events to determine if events or transactions occurring through May 14, 2021, the date the unaudited condensed consolidated financial statements were issued, require potential adjustment to or disclosure in the unaudited condensed consolidated financial statements and has concluded that all such events that would require recognition or disclosure have been recognized or disclosed.

On April 19, 2021, Cody Reese (“Reese”), a purported shareholder of the Company, filed a lawsuit in the Supreme Court of the State of New York, County of New York, captioned Cody Reese v. Reinvent Technology Partners, et al., case number 652603/2021, against the Company and the members of its board of directors (the “Reese Complaint”). The Reese Complaint asserts a breach of fiduciary duty claim against the individual defendants and an aiding and abetting claim against RTP. The Reese Complaint alleges, among other things, that (i) the merger consideration is unfair, and (ii) the registration statement on Form S-4 filed with the SEC on April 2, 2021 regarding the proposed transaction involving Joby is materially misleading and incomplete and fails to disclose material information. The Reese Complaint seeks, among other things, to enjoin the proposed Business Combination, rescind the transaction or award rescissory damages to the extent it is consummated, and an award of attorneys’ fees and expenses.

## **Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.**

References to the “Company,” “our,” “us” or “we” refer to Reinvent Technology Partners. The following discussion and analysis of the Company’s financial condition and results of operations should be read in conjunction with the unaudited condensed consolidated financial statements and the notes thereto contained elsewhere in this report. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties.

### **Cautionary Note Regarding Forward-Looking Statements**

*This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “continue,” or the negative of such terms or other similar expressions. Such statements include, but are not limited to, possible business combinations, including our proposed business combination with Joby Aviation, Inc., a Delaware corporation (the “Joby Business Combination”), and the financing thereof, and related matters, as well as all other statements other than statements of historical fact included in this Form 10-Q. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in the Risk Factors section of Amendment No. 1 to our Annual Report on Form 10-K/A filed with the SEC on May 13, 2021, in our Registration Statement on Form S-4 related to the Joby Business Combination and in our other filings with the Securities and Exchange Commission (the “SEC”). Our filings with the SEC can be accessed on the EDGAR section of the SEC’s website at [www.sec.gov](http://www.sec.gov). Except as expressly required by applicable securities law, we disclaim any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.*

### **Overview**

We are a blank check company incorporated on July 3, 2020 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses (the “Business Combination”). While we may pursue an initial business combination target in any industry or geographic location, we intend to focus our search for a target business operating in the consumer internet, mobile gaming or broader technology sectors. Our sponsor is Reinvent Sponsor LLC, a Cayman Islands exempted limited liability company (our “Sponsor”).

Our registration statement for our initial public offering (the “Initial Public Offering”) was declared effective on September 16, 2020. On September 21, 2020, we consummated our Initial Public Offering of 69,000,000 units (the “Units” and, with respect to the Class A ordinary shares included in the Units, the “Public Shares”), including 9,000,000 additional Units to cover over-allotments (the “Over-Allotment Units”), at \$10.00 per Unit, generating gross proceeds of \$690.0 million, and incurring offering costs of approximately \$38.8 million, inclusive of approximately \$24.2 million in deferred underwriting commissions.

Substantially concurrently with the closing of the Initial Public Offering, we consummated the private placement (the “Private Placement”) of 11,533,333 warrants (each, a “Private Placement Warrant” and collectively, the “Private Placement Warrants”), at a price of \$1.50 per Private Placement Warrant to our Sponsor, generating gross proceeds of \$17.3 million.

Upon the closing of the Initial Public Offering and the Private Placement, an aggregate of \$690.0 million (\$10.00 per Unit) of the net proceeds of the Initial Public Offering and certain of the proceeds of the Private Placement was placed in a trust account (“Trust Account”) with Continental Stock Transfer & Trust Company acting as trustee and invested in United States government treasury bills with a maturity of 185 days or less or in money market funds investing solely in U.S. Treasuries and meeting certain conditions under Rule 2a-7 under the Investment Company Act, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

---

## Table of Contents

If we are unable to complete a Business Combination within 24 months from the closing of our Initial Public Offering, or 27 months from the closing of the Initial Public Offering if the Company has executed a letter of intent, agreement in principle or definitive agreement for an initial Business Combination within 24 months from the closing of our Initial Public Offering (as such period may be extended, the “Combination Period”), we will (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to us to fund our working capital requirements, subject to an annual limit of \$500,000, and/or to pay our income taxes, if any, (less up to \$100,000 of interest to pay dissolution expenses and which interest shall be net of taxes payable) divided by the number of the then outstanding Public Shares, which redemption will completely extinguish Public Shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, liquidate and dissolve, subject in each case, to our obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

### **Results of Operations**

Our entire activity since inception through March 31, 2021 related to our formation, the preparation for the Initial Public Offering, and since the closing of the Initial Public Offering, the search for a prospective initial Business Combination. We have neither engaged in any operations nor generated any operating revenues to date. We will not generate any operating revenues until after completion of our initial Business Combination, at the earliest. We will generate non-operating income in the form of interest income on cash and cash equivalents. We expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. Additionally, we recognize non-cash gains and losses within other income (expense) related to changes in recurring fair value measurement of our warrant liabilities at each reporting period.

For the three months ended March 31, 2021, we had net income of approximately \$40.6 million, which consisted of \$41.8 million change in the fair value of derivative warrant liabilities and approximately \$80,000 gain on the investments held in the Trust Account, partially offset by \$1.3 million in general and administrative costs.

### **Liquidity and Capital Resources**

As of March 31, 2021, we had approximately \$873,000 in our operating bank account, working capital of approximately \$719,000, and no interest income available in the Trust Account to fund our working capital requirements, subject to an annual limit of \$500,000, and/or to pay our taxes, if any.

Our liquidity needs have been satisfied prior to the completion of the Initial Public Offering through receipt of a \$25,000 capital contribution from our Sponsor in exchange for the issuance of the Founder Shares to our Sponsor and the advancement of funds by our Sponsor to cover our expenses in connection with the Initial Public Offering. In addition, our Sponsor advanced approximately \$194,000 to us under a promissory note (the “Note”). The Company repaid the Note in full as of September 21, 2020. Subsequent to the consummation of the Initial Public Offering and Private Placement, our liquidity needs have been satisfied from the proceeds from the consummation of the Private Placement not held in the Trust Account. In addition, in order to finance transaction costs in connection with a Business Combination, our Sponsor or an affiliate of our Sponsor, or our officers and directors may, but are not obligated to, provide us working capital loans (“Working Capital Loans”). As of March 31, 2021, there were no amounts outstanding under any Working Capital Loan.

Based on the foregoing, management believes that we will have sufficient working capital and borrowing capacity from our Sponsor or an affiliate of our Sponsor, or our officers and directors to meet our needs through the earlier of the consummation of a Business Combination or one year from this filing. Over this time period, we will be using these funds for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination.

---

## [Table of Contents](#)

We continue to evaluate the impact of the COVID-19 pandemic and has concluded that the specific impact is not readily determinable as of the date of the balance sheet. The unaudited condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

### **Contractual Obligations**

We do not have any long-term debt obligations, capital lease obligations, operating lease obligations, purchase obligations or long-term liabilities, other than an agreement to pay support services fees to Reinvent Capital LLC (“Reinvent Capital”) that total \$1,875,000 per year for support and administrative services (“Support Services Agreement”), as well as reimburse Reinvent Capital for any out-of-pocket expenses it incurs in connection with providing services or for office space under this agreement. As of March 31, 2021, the Company had approximately \$44,000 in Due to related party. As of December 31, 2020, the Company prepaid \$468,750, to Reinvent Capital as part of the Support Services Agreement and recognized approximately \$513,000 in the statement of operations for the three months ended March 31, 2021.

### **Critical Accounting Policies**

This management’s discussion and analysis of our financial condition and results of operations is based on our unaudited condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of our unaudited condensed consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities in our unaudited condensed consolidated financial statements. On an ongoing basis, we evaluate our estimates and judgments, including those related to fair value of financial instruments and accrued expenses. We base our estimates on historical experience, known trends and events and various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The Company has identified the following as its critical accounting policies:

#### *Derivative Warrant Liabilities*

We do not use derivative instruments to hedge exposures to cash flow, market or foreign currency risks. We evaluate all of our financial instruments, including issued stock purchase warrants, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and ASC 815-15. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

We issued an aggregate of 17,250,000 warrants as part of the Units offered in the Initial Public Offering and an aggregate of 11,533,333 Private Placement Warrants concurrently with the closing of the Initial Public Offering. All 28,783,333 outstanding warrants are recognized as derivative liabilities in accordance with ASC 815-40. Accordingly, we recognize the warrant instruments as liabilities at fair value and adjust the instruments to fair value at each reporting period. The liabilities are subject to remeasurement at each balance sheet date until exercised, and any change in fair value is recognized in our statement of operations. The fair value of warrants issued in connection with the Initial Public Offering and Private Placement were initially measured at fair value using a Monte Carlo simulation model and subsequently, the fair value of the Private Placement warrants have been estimated using a Monte Carlo simulation model each measurement date. The fair value of Warrants issued in connection with our Initial Public Offering have subsequently been measured based on the listed market price of such warrants.

---

## **Table of Contents**

### *Class A Ordinary Shares Subject to Possible Redemption*

Class A ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) are classified as temporary equity. At all other times, Class A ordinary shares are classified as shareholders' equity. Our Class A ordinary shares feature certain redemption rights that are considered to be outside of our control and subject to the occurrence of uncertain future events. Accordingly, at March 31, 2021, 60,323,121 Class A ordinary shares subject to possible redemption are presented as temporary equity, outside of the shareholders' equity section of the Company's balance sheet.

### *Net Income (Loss) Per Ordinary Share*

Net income (loss) per share is computed by dividing net income (loss) by the weighted-average number of ordinary shares outstanding during the periods. We have not considered the effect of the warrants sold in the Initial Public Offering and the Private Placement to purchase an aggregate of 28,733,333 of the Company's Class A ordinary shares in the calculation of diluted income (loss) per share, since their inclusion would be anti-dilutive under the treasury stock method.

Our unaudited condensed consolidated statements of operations include a presentation of income (loss) per share for ordinary shares subject to redemption in a manner similar to the two-class method of income (loss) per share. Net income (loss) per ordinary share, basic and diluted for Class A ordinary shares are calculated by dividing the interest income (loss) earned on investments held in the Trust Account, net of applicable taxes and interest to fund working capital requirements, subject to an annual limit of \$500,000, available to be withdrawn from the Trust Account, resulting in income of approximately \$40.6 million for the three months ended March 31, 2021, by the weighted average number of Class A ordinary shares outstanding for the period. Net loss per ordinary share, basic and diluted for Class B ordinary shares is calculated by dividing the net income (loss), less income (loss) attributable to Class A ordinary shares by the weighted average number of Class B ordinary shares outstanding for the period.

### **Recent Accounting Pronouncements**

Our management does not believe that any recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying unaudited condensed consolidated financial statements.

### **Off-Balance Sheet Arrangements**

As of March 31, 2021, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K.

### **JOBS Act**

The Jumpstart Our Business Startups Act of 2012 (the "JOBS Act") contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We qualify as an "emerging growth company" and under the JOBS Act are allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, the unaudited condensed consolidated financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an "emerging growth company," we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor's attestation report on our system of internal controls over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor's report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO's compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our Initial Public Offering or until we are no longer an "emerging growth company," whichever is earlier.

---

## Table of Contents

This may make comparison of the Company's financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information otherwise required under this item.

### **Item 4. Controls and Procedures**

#### *Evaluation of Disclosure Controls and Procedures*

Under the supervision and with the participation of our management, including our principal executive officer and principal financial and accounting officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the fiscal quarter ended March 31, 2021, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on this evaluation, and in light of the material weakness in internal controls described below, our Chief Executive Officer and Chief Financial Officer have concluded that during the period covered by this report, our disclosure controls and procedures were not effective.

Disclosure controls and procedures are designed to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

#### *Changes in Internal Control over Financial Reporting*

There was no change in our internal control over financial reporting that occurred during the three months ended March 31, 2021, covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting, as the circumstances that led to the restatement of our financial statements described in the Amended Annual Report on Form 10-K/A filed with the SEC on May 13, 2021 had not yet been identified. Due solely to the events that led to our restatement of our financial statements, management identified a material weakness in internal controls related to the accounting for warrants issued in connection with our initial public offering, as described in Note 2 to the Notes to Consolidated Financial Statements entitled "Restatement of Financial Statements" the Amended Annual Report on Form 10-K/A filed with the SEC on May 13, 2021.

## **PART II – OTHER INFORMATION**

### **Item 1. Legal Proceedings**

None.

### **Item 1A. Risk Factors.**

Factors that could cause our actual results to differ materially from those in this Quarterly Report are any of the risks previously disclosed in Amendment No. 1 to our Annual Report on Form 10-K/A filed with the SEC on May 14, 2021. Any of those factors could result in a significant or material adverse effect on our results of operations or financial condition. Additional risk factors not presently known to us or that we currently deem immaterial may also impair our business or results of operations. As of the date of this Quarterly Report, there have been no material changes to the risk factors disclosed in Amendment No. 1 to our Annual Report on Form 10-K/A filed with the SEC on May 14, 2021. We may disclose changes to such factors or disclose additional factors from time to time in our future filings with the SEC.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds from Registered Securities**

*Unregistered Sales*

On August 4, 2020, the Sponsor paid an aggregate of \$25,000 to cover certain expenses on behalf of the Company in exchange for issuance of 14,375,000 ordinary shares (the "Founder Shares"). On August 28, 2020, the Company effected a share capitalization resulting in the Sponsor holding an aggregate of 17,250,000 Founder Shares. All shares and the associated amounts in the accompanying unaudited condensed consolidated financial statements and notes thereto have been retroactively restated to reflect the share capitalization. Subsequent to the share capitalization, on August 28, 2020, the Sponsor transferred 30,000 Founder Shares to each of the Company's independent director nominees. The Sponsor agreed to forfeit up to an aggregate of 2,250,000 Founder Shares to the extent that the option to purchase Over-Allotment Units was not exercised in full by the underwriters, so that the Founder Shares would represent 20% of the Company's issued and outstanding shares after the Initial Public Offering. The underwriters fully exercised their over-allotment option on September 21, 2020; thus, those Founder Shares were no longer subject to forfeiture.

The Sponsor purchased 11,533,333 Private Placement Warrants, each exercisable to purchase one ordinary share at \$11.50 per share, at a price of \$1.50 per warrant (\$17.3 million in the aggregate), in a private placement that closed substantially concurrently with the closing of the Initial Public Offering. This issuance was made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

No underwriting discounts or commissions were paid with respect to such sales.

*Use of Proceeds*

On September 21, 2020, the Company consummated its Initial Public Offering of 69,000,000 Units, including 9,000,000 Over-Allotment Units, at \$10.00 per Unit, generating gross proceeds of \$690.0 million. Morgan Stanley acted as the book-running manager for the Initial Public Offering. The securities sold in the Initial Public Offering were registered under the Securities Act on a registration statement on Form S-1 (No. 333-248497). The SEC declared the registration statements effective on September 16, 2020.

In connection with the Initial Public Offering, we incurred offering costs of approximately \$38.8 million (including deferred underwriting commissions of approximately \$24.2 million). Other incurred offering costs consisted principally of preparation fees related to the Initial Public Offering. After deducting the underwriting discounts and commissions (excluding the deferred portion, which amount will be payable upon consummation of the initial Business Combination, if consummated) and the Initial Public Offering expenses, \$690.0 million of the net proceeds from our Initial Public Offering and certain of the proceeds from the private placement of the Private Placement Warrants (or \$10.00 per Unit sold in the Initial Public Offering) was placed in the Trust Account. The net proceeds of the Initial Public Offering and certain proceeds from the sale of the Private Placement Warrants are held in the Trust Account and invested as described elsewhere in this Quarterly Report on Form 10-Q.

There has been no material change in the planned use of the proceeds from the Initial Public Offering and Private Placement as is described in the Company's final prospectus related to the Initial Public Offering.

**Item 3. Defaults Upon Senior Securities**

None.

**Item 4. Mine Safety Disclosures**

Not applicable.

**Item 5. Other Information**

None.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized on this 14<sup>th</sup> day of May, 2021.

**REINVEST TECHNOLOGY PARTNERS**

By: /s/ Michael Thompson  
Name: Michael Thompson  
Title: Chief Executive Officer and Chief Financial Officer

**CERTIFICATION**  
**PURSUANT TO RULES 13a-14(a) AND 15d-14(a)**  
**UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO**  
**SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

- I, Michael Thompson, certify that:
1. I have reviewed this Quarterly Report on Form 10-Q for the period three months ended March 31, 2021 of Reinvent Technology Partners;
  2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
  3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
  4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
    - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
    - b. [Paragraph intentionally omitted in accordance with SEC Release Nos. 34-47986 and 34-54942];
    - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
    - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
  5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
    - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
    - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls over financial reporting.

**CERTIFICATION PURSUANT TO  
18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Reinvent Technology Partners (the "Company") on Form 10-Q for the three months ended March 31, 2021, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Michael Thompson, Chief Executive Officer of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to my knowledge:

- (1) the Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Date: May 14, 2021

/s/ Michael Thompson

Name: Michael Thompson
