**SUBJECT TO COMPLETION, DATED SEPTEMBER 1, 2022**

**PROSPECTUS FOR  
UP TO 98,357,200 SHARES OF COMMON STOCK  
OF  
JOBY AVIATION, INC.**

---

This prospectus relates to the resale of up to 98,357,200 shares of common stock, par value \$0.0001 per share (the “common stock”) issued in connection with the Joby Holdings Reorganization (as defined below), which occurred after the RTP Merger and Domestication (each as defined below), by certain of the selling shareholders named in this prospectus (each a “Selling Shareholder” and, collectively, the “Selling Shareholders”).

On August 10, 2021, we consummated the transactions contemplated by that certain Agreement and Plan of Merger, dated as of February 23, 2021, by and among Reinvent Technology Partners, a Cayman Islands exempted company (“RTP”), RTP Merger Sub Inc., a Delaware corporation and a wholly owned subsidiary of RTP (“RTP Merger Sub”) and into Joby Aero, Inc., a Delaware corporation (“Legacy Joby”). As RTP was domesticated as a Delaware corporation and changed its name to “Joby Aviation, Inc.” (the “Domestication”). Following the Domestication, Merger Sub merged with and into Legacy Joby, the separate corporate existence of Merger Sub ceased and Legacy Joby survived as a wholly owned subsidiary of Joby Aviation, Inc. (“Company”) (the “RTP Merger”).

On October 25, 2021, we consummated the transactions contemplated by that certain Reorganization Agreement dated as of October 25, 2021, by and among the Company, Joby Holdings, Inc., a Delaware corporation (“Joby Holdings”) and JA Holdings Acquisition Corp., a wholly owned subsidiary of the Company (“Holdings Merger Sub”) pursuant to which the Holdings Merger Sub merged with and into Joby Holdings, and the separate corporate existence of Holdings Merger Sub ceased and Joby Holdings survived as a wholly owned subsidiary of the Company (the “First Merger”), and (b) immediately following the First Merger, Joby Holdings was merged with and into the Company, following which the separate corporate existence of Joby Holdings ceased and the Company continued as the surviving corporation (the “Second Merger” and, together with the First Merger, the “Joby Holdings Reorganization”).

Upon consummation of the Joby Holdings Reorganization, (a) each share of capital stock of Joby Holdings that was issued and outstanding immediately prior to the effective time of the First Merger (other than any Dissenting Shares, as defined in the Reorganization Agreement) was cancelled and converted into a right to receive such number of validly issued, fully paid and nonassessable shares of common stock of the Company as set forth in the Reorganization Agreement, which equaled in aggregate to 98,357,200 shares of common stock, and (b) each share of common stock of the Company held by Joby Holdings immediately prior to the Mergers, which equaled an aggregate of 98,802,553 shares of common stock, were forfeited to the Company and immediately thereafter cancelled and retired by the Company. As a result of the cancellation of registered shares of common stock of the Company held by Joby Holdings in the Joby Holdings Restructuring, the completion of the Joby Holdings Restructuring, taken together with the effectiveness of this registration statement, did not result in any increase in the number of registered or outstanding shares of common stock of the Company.

We are registering the securities for resale pursuant to the Selling Shareholders’ registration rights under certain agreements between us and the Selling Shareholders. Our registration of the securities covered by this prospectus

## THE COMPANY

Our vision is to save a billion people an hour every day by delivering a new form of clean and quiet aerial transportation. Building on recent advancements in energy storage, microelectronics and software, we're developing an all-electric aircraft that will transport a pilot and four passengers at speeds of up to 200 mph, while also having the ability to take off and land vertically. We have been working towards this vision for 10 years, including significant prototyping and development. This is not an easy journey. The journey to create a new industry and transform the way people travel will be filled with unexpected challenges. At this time, we are testing prototype aircraft and refining designs to meet the demanding standards that we have set out to deliver. We are also embarking on aircraft certification and developing production processes to adhere to the guidelines of the FAA. While we have agreed with the FAA on the basis for our type certification through the G-1 issue paper, we still are in the process of testing and refining our designs to achieve our FAA type and production certifications that will be required to commercialize operations. Successfully operating a commercial service will also require having a Part 135 operating license, which we obtained in May 2022. We are also developing, testing and refining our processes for each step of component and aircraft production to support scaling effectively to supply required aircraft for service.

We intend to operate our aircraft on journeys of 5 to 150 miles, providing rapid and cost-effective connections between cities and their surrounding areas. Compared to traditional ground-based infrastructure such as road and rail, aerial ridesharing networks can be set up rapidly, and at a significantly lower cost, enabling us to provide a sustainable solution to today's dual challenges of congestion and climate change.

By combining the freedom of straight-line air travel with the efficiency of our aircraft, we expect to deliver journeys that are up to 5 times faster than driving, and it is our goal to steadily drive down end-user pricing in the years following commercial launch to make the services widely accessible.

Our aircraft has been specifically designed to achieve a considerably lower noise footprint than that of today's conventional aircraft. It is quiet at takeoff and near silent when flying overhead, which we anticipate will allow us to operate from new skyport locations nearer to where people live and work, in addition to utilizing the more than 5,000 heliport and airport infrastructure assets already in existence in the U.S. alone.

To date, we have completed more than 1,000 test flights and believe we are the first eVTOL developer to have agreed to a signed, stage 4 G-1 certification basis from the FAA. We believe we are well positioned to be the first eVTOL manufacturer to earn the airworthiness certification from the FAA.

We do not intend to sell these aircraft to independent third parties or individual consumers. Instead, we plan to manufacture, own and operate our aircraft, building a vertically integrated transportation company that will deliver transportation services to our customers, including the U.S. Air Force through contracted operations, and to individual users through a convenient app-based aerial ridesharing platform, with a goal to begin service in 2024. We believe this business model will generate the greatest economic returns, while providing us with end-to-end control over the customer experience to optimize for customer safety, comfort and value.

The emerging UAM annual market value is projected to exceed \$500 billion in the U.S. alone according to Booz Allen Hamilton's 2018 Urban Air Mobility Market Study. By leveraging our vertically integrated business model, technological differentiation and best-in-class strategic relationships, we believe we have an historic opportunity to define a new market for sustainable daily mobility, enabling people to rethink the way they move in and around metropolitan areas and the rural communities that surround them.

We were incorporated under the name "Reinvent Technology Partners" on July 3, 2020 as a Cayman Islands exempted company for purposes of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. On August 10, 2021, we domesticated into a Delaware corporation and changed our name to "Joby Aviation, Inc." in connection with the Domestication.

Our principal executive office is located at 2155 Delaware Avenue, Suite #225, Santa Cruz, CA 95060. Our telephone number is (831) 201-6700. Our website address is [www.jobyaviation.com](http://www.jobyaviation.com). Information contained on our website is not a part of this prospectus, and the inclusion of our website address in this prospectus is an inactive textual reference only.

We will not receive any proceeds from the resale of the shares of common stock by the Selling Shareholders.

## **DESCRIPTION OF SECURITIES**

The following description of the terms of our capital stock and warrants is not complete and is qualified in its entirety by reference to our Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), our Amended and Restated Bylaws (the "Bylaws") and the warrant agreement, all of which are attached as exhibits to our Annual Report on Form 10-K.

### **Capital Stock Authorized Capitalization**

#### ***General***

The total amount of Joby Aviation's authorized capital stock consists of 1,400,000,000 shares of our common stock, par value \$0.0001 per share, and 100,000,000 shares of our preferred stock, par value \$0.0001 per share.

The following summary describes all material provisions of our capital stock. We urge you to read our Certificate of Incorporation and our Bylaws.

#### ***Preferred Stock***

Our board of directors has authority to issue shares of our preferred stock in one or more series, to fix for each such series such voting powers, designations, preferences, qualifications, limitations or restrictions thereof, including dividend rights, conversion rights, redemption privileges and liquidation preferences for the issue of such series all

---

to the fullest extent permitted by the DGCL. The issuance of our preferred stock could have the effect of decreasing the trading price of our common stock, restricting dividends on our capital stock, diluting the voting power of our common stock, impairing the liquidation rights of our capital stock, or delaying or preventing a change in control of Joby Aviation.

***Common Stock***

Our common stock is not entitled to preemptive or other similar subscription rights to purchase any of Joby Aviation's securities. Our common stock is neither convertible nor redeemable. Unless our board of directors determines otherwise, we will issue all of our capital stock in uncertificated form.

***Voting Rights***

Each holder of our common stock is entitled to one vote per share on each matter submitted to a vote of stockholders, except as provided by our Certificate of Incorporation and outlined below. Our Bylaws provide that the holders of a majority of the capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, will constitute a quorum at all meetings of the stockholders for the transaction of business. When a quorum is present, the affirmative vote of a majority of the votes cast is required to take action, unless otherwise specified by law, our Bylaws or our Certificate of Incorporation, and except for the election of directors, which is determined by a plurality vote. There are no cumulative voting rights. In addition, the affirmative vote of holders of 66 2/3% of the voting power of all of the then outstanding voting stock will be required to take certain actions, including amending certain provisions of our amended and restated certificate of incorporation, such as the provisions relating to amending our amended and restated bylaws, the classified board and director liability.

To comply with restrictions imposed by federal law on foreign ownership of U.S. air transportation operations, our Certificate of Incorporation and our Bylaws restrict voting of shares of our capital stock by non-U.S. citizens. The restrictions imposed by federal law currently require that no more than 25% of our voting stock be voted, directly or indirectly, by persons who are not U.S. citizens, and that our president and at least two-thirds of the members of our board of directors be U.S. citizens. Under our Organizational Documents, Joby Aviation or any designated transfer agent shall maintain a Foreign Stock Record for registered Joby Aviation common stock known to us to be owned and/or controlled by Non-Citizens. In the event that we determine that the Joby Aviation common stock registered on the Foreign Stock Record exceeds the Permitted Percentage, sufficient shares shall be removed from the Foreign Stock Record in reverse chronological order based upon the date of registration therein so that the number of shares entered does not exceed the Permitted Percentage; provided, that upon the vesting of any Sponsor Shares pursuant to the Sponsor Agreement, such Sponsor Shares held by the Sponsor shall be deemed registered on the Foreign Stock Record as of the date of the Merger and before the registration of any Joby Aviation capital stock held by any other Non-Citizen. If Non-Citizens at any time own and/or control in excess of the Permitted Percentage, the voting rights of the shares of Joby Aviation common stock in excess and not registered on the Foreign Stock Record will be automatically suspended until the earlier of (i) the transfer of such shares to a person or entity who is not a Non-Citizen or (ii) the registration of such shares on the Foreign Stock Record.

***Dividend Rights***

Each holder of shares of our capital stock is entitled to the payment of dividends and other distributions as may be declared by our board of directors from time to time out of our assets or funds legally available for dividends or other distributions. These rights are subject to the preferential rights of the holders of our preferred stock, if any, and any contractual limitations on our ability to declare and pay dividends.

***Other Rights***

Each holder of our common stock is subject to, and may be adversely affected by, the rights of the holders of any series of our preferred stock that we may designate and issue in the future.

---

[Table of Contents](#)

**Liquidation Rights**

If we are involved in voluntary or involuntary liquidation, dissolution or winding up of our affairs, or a similar event, each holder of our common stock will participate pro rata in all assets remaining after payment of liabilities, subject to prior distribution rights of our preferred stock, if any, then outstanding.

**Redeemable Warrants**

**Public Warrants**

As of December 31, 2021, there were 17,250,000 Public Warrants outstanding. Each warrant entitles the registered holder to purchase one share of common stock at a price of \$11.50 per share, subject to adjustment as discussed below. The warrants will expire August 10, 2026, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We are not obligated to deliver any shares of common stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act covering the issuance of the common stock issuable upon exercise of the warrants is then effective and a current prospectus relating thereto is current, subject to our satisfying our obligations described below with respect to registration, or a valid exemption from registration is available, including as a result of a notice of redemption described below under "Redemption of warrants when the price per share of common stock equals or exceeds \$10.00". No warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is registered or qualified under the securities laws of the state of the exercising holder, or an exemption is available.

In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless.

We have agreed to maintain the effectiveness of a registration statement covering the issuance, under the Securities Act, of the shares of common stock issuable upon exercise of the warrants and a current prospectus relating thereto, until the expiration of the warrants in accordance with the provisions of the warrant agreement. Notwithstanding the above, if our shares of common stock are, at the time of any exercise of a warrant, not listed on a national securities exchange such that they satisfy the definition of a "covered security" under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will not be required to maintain in effect a registration statement, but will use our commercially reasonable efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. In such event, each holder would pay the exercise price by surrendering the warrants for that number of shares of common stock equal to the lesser of (A) the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the excess of the "fair market value" (defined below) less the exercise price of the warrants by (y) the fair market value and (B) 0.361. The "fair market value" shall mean the volume weighted average price of the shares of common stock for the 10 trading days ending on the trading day prior to the date on which the notice of exercise is received by the warrant agent.

*Redemption of warrants when the price per share of common stock equals or exceeds \$18.00.* We may redeem the outstanding warrants (except as described herein with respect to the private placement warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days' written notice of redemption to each warrant holder; and

---

[Table of Contents](#)

- if and only if, the last reported sale price of the shares of common stock for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders (which we refer to as the “Reference Value”) equals or exceeds \$18.00 per share (as adjusted for share splits, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like)

We will not redeem the warrants as described above unless a registration statement under the Securities Act covering the issuance of the shares of common stock issuable upon exercise of the warrants is then effective and a current prospectus relating to those shares of common stock is available throughout the 30-day redemption period. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

We have established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise his, her or its warrant prior to the scheduled redemption date. However, the price of the shares of common stock may fall below the \$18.00 redemption trigger price (as adjusted for share splits, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like) as well as the \$11.50 (for whole shares) warrant exercise price after the redemption notice is issued.

*Redemption of warrants when the price per share of common stock equals or exceeds \$10.00.* We may redeem the outstanding warrants:

- in whole and not in part;
- at \$0.10 per warrant upon a minimum of 30 days’ prior written notice of redemption provided that holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares determined by reference to the table below, based on the redemption date and the “fair market value” (as defined below) of our shares of common stock except as otherwise described below;
- if, and only if, the Reference Value (as defined above under “Redemption of warrants when the price per share of common stock equals or exceeds \$18.00”) equals or exceeds \$10.00 per share (as adjusted for share splits, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like); and
- if the Reference Value is less than \$18.00 per share (as adjusted for share splits, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like), the private placement warrants must also be concurrently called for redemption on the same terms as the outstanding public warrants, as described above.

The numbers in the table below represent the number of shares of common stock that a warrant holder will receive upon exercise in connection with a redemption by us pursuant to this redemption feature, based on the “fair market value” of our shares of common stock on the corresponding redemption date (assuming holders elect to exercise their warrants and such warrants are not redeemed for \$0.10 per warrant), determined based on volume weighted average price of our shares of common stock during the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of warrants, and the number of months that the corresponding redemption date precedes the expiration date of the warrants, each as set forth in the table below. We will provide our warrant holders with the final fair market value no later than one business day after the 10-trading day period described above ends.

The share prices set forth in the column headings of the table below will be adjusted as of any date on which the number of shares issuable upon exercise of a warrant is adjusted as set forth in the first three paragraphs under the

---

[Table of Contents](#)

heading “- Anti-dilution Adjustments” below. The adjusted share prices in the column headings will equal the share prices immediately prior to such adjustment, multiplied by a fraction, the numerator of which is the number of shares deliverable upon exercise of a warrant immediately prior to such adjustment and the denominator of which is the number of shares deliverable upon exercise of a warrant as so adjusted. The number of shares in the table below shall be adjusted in the same manner and at the same time as the number of shares issuable upon exercise of a warrant.

The exact fair market value and redemption date may not be set forth in the table above, in which case, if the fair market value is between two values in the table or the redemption date is between two redemption dates in the table, the number of shares of common stock to be issued for each warrant exercised will be determined by a straight-line interpolation between the number of shares set forth for the higher and lower fair market values and the earlier and later redemption dates, as applicable, based on a 365 or 366-day year, as applicable. For example, if the volume

---

[Table of Contents](#)

weighted average price of our shares of common stock during the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of the warrants is \$11.00 per share, and at such time there are 57 months until the expiration of the warrants, holders may choose to, in connection with this redemption feature, exercise their warrants for 0.277 shares of common stock for each whole warrant. For an example where the exact fair market value and redemption date are not as set forth in the table above, if the volume weighted average price of our shares of common stock during the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of the warrants is \$13.50 per share, and at such time there are 38 months until the expiration of the warrants, holders may choose to, in connection with this redemption feature, exercise their warrants for 0.298 shares of common stock for each whole warrant. In no event will the warrants be exercisable in connection with this redemption feature for more than 0.361 shares of common stock per warrant (subject to adjustment). Finally, as reflected in the table above, if the warrants are out of the money and about to expire, they cannot be exercised on a cashless basis in connection with a redemption by us pursuant to this redemption feature, since they will not be exercisable for any shares of common stock.

This redemption feature differs from the typical warrant redemption features used in many other blank check offerings, which typically only provide for a redemption of warrants for cash (other than the private placement warrants) when the trading price for the shares of common stock exceeds \$18.00 per share for a specified period of time. This redemption feature is structured to allow for all of the outstanding warrants to be redeemed when the shares of common stock are trading at or above \$10.00 per share, which may be at a time when the trading price of our shares of common stock is below the exercise price of the warrants. We have established this redemption feature to provide us with the flexibility to redeem the warrants without the warrants having to reach the \$18.00 per share threshold set forth above under “- Redemption of warrants when the price per share of common stock equals or exceeds \$18.00.” Holders choosing to exercise their warrants in connection with a redemption pursuant to this feature will, in effect, receive a number of shares for their warrants based on an option pricing model with a fixed volatility input as of the date of RTP’s initial public offering. This redemption right provides us with an additional mechanism by which to redeem all of the outstanding warrants, and therefore have certainty as to our capital structure as the warrants would no longer be outstanding and would have been exercised or redeemed. We will be required to pay the applicable redemption price to warrant holders if we choose to exercise this redemption right and it will allow us to quickly proceed with a redemption of the warrants if we determine it is in our best interest to do so. As such, we would redeem the warrants in this manner when we believe it is in our best interest to update our capital structure to remove the warrants and pay the redemption price to the warrant holders.

As stated above, we can redeem the warrants when the shares of common stock are trading at a price starting at \$10.00, which is below the exercise price of \$11.50, because it will provide certainty with respect to our capital structure and cash position while providing warrant holders with the opportunity to exercise their warrants on a cashless basis for the applicable number of shares. If we choose to redeem the warrants when the shares of common stock are trading at a price below the exercise price of the warrants, this could result in the warrant holders receiving fewer shares of common stock than they would have received if they had chosen to wait to exercise their warrants for shares of common stock if and when such shares of common stock were trading at a price higher than the exercise price of \$11.50.

No fractional shares of common stock will be issued upon exercise. If, upon exercise, a holder would be entitled to receive a fractional interest in a share, we will round down to the nearest whole number of the number of shares of common stock to be issued to the holder. If, at the time of redemption, the warrants are exercisable for a security other than the shares of common stock pursuant to the warrant agreement, the warrants may be exercised for such security. At such time as the warrants become exercisable for a security other than the shares of common stock, Joby Aviation (or surviving company) will use its commercially reasonable efforts to register under the Securities Act the security issuable upon the exercise of the warrants.

*Redemption procedures.* A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person’s affiliates), to the warrant agent’s actual knowledge, would beneficially own in excess of 9.8% (or such other amount as a holder may specify) of the shares of common stock issued and outstanding immediately after giving effect to such exercise.

---

[Table of Contents](#)

*Anti-dilution Adjustments.* If the number of issued and outstanding shares of common stock is increased by a capitalization or share dividend payable in shares of common stock, or by a split-up of shares of common stock or other similar event, then, on the effective date of such capitalization or share dividend, split-up or similar event, the number of shares of common stock issuable on exercise of each warrant will be increased in proportion to such increase in the issued and outstanding shares of common stock. A rights offering to holders of shares of common stock entitling holders to purchase shares of common stock at a price less than the “historical fair market value” (as defined below) will be deemed a share dividend of a number of shares of common stock equal to the product of (1) the number of shares of common stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for shares of common stock) and (2) one minus the quotient of (x) the price per share of common stock paid in such rights offering and (y) the historical fair market value. For these purposes, (1) if the rights offering is for securities convertible into or exercisable for shares of common stock, in determining the price payable for shares of common stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (2) “historical fair market value” means the volume weighted average price of shares of common stock during the 10 trading day period ending on the trading day prior to the first date on which the shares of common stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of shares of common stock on account of such shares of common stock (or other securities into which the warrants are convertible), other than (a) as described above, (b) any cash dividends or cash distributions which, when combined on a per share basis with all other cash dividends and cash distributions paid on the shares of common stock during the 365-day period ending on the date of declaration of such dividend or distribution does not exceed \$0.50 (as adjusted for share splits, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like) but only with respect to the amount of the aggregate cash dividends or cash distributions equal to or less than \$0.50 per share, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of common stock in respect of such event.

If the number of issued and outstanding shares of common stock is decreased by a consolidation, combination, reverse share split or reclassification of shares of common stock or other similar event, then, on the effective date of such consolidation, combination, reverse share split, reclassification or similar event, the number of shares of common stock issuable on exercise of each warrant will be decreased in proportion to such decrease in issued and outstanding shares of common stock. Whenever the number of shares of common stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of common stock purchasable upon the exercise of the warrants immediately prior to such adjustment and (y) the denominator of which will be the number of shares of common stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the issued and outstanding shares of common stock (other than those described above or that solely affects the par value of such shares of common stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which we are the continuing corporation and that does not result in any reclassification or reorganization of our issued and outstanding shares of common stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which we are dissolved, the holders of the warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of our shares of common stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event.

---

[Table of Contents](#)

However, if such holders were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities, cash or other assets for which each warrant will become exercisable will be deemed to be the weighted average of the kind and amount received per share by such holders in such consolidation or merger that affirmatively make such election, and if a tender, exchange or redemption offer has been made to and accepted by such holders (other than a tender, exchange or redemption offer made by Joby Aviation in connection with redemption rights held by shareholders of Joby Aviation as provided for in our amended and restated certificate of incorporation and bylaws) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act) more than 50% of the issued and outstanding shares of common stock, the holder of a warrant will be entitled to receive the highest amount of cash, securities or other property to which such holder would actually have been entitled as a shareholder if such warrant holder had exercised the warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the shares of common stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustment (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in the warrant agreement. Additionally, if less than 70% of the consideration receivable by the holders of shares of common stock in such a transaction is payable in the form of common stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the registered holder of the warrant properly exercises the warrant within 30 days following public disclosure of such transaction, the warrant exercise price will be reduced as specified in the warrant agreement based on the per share consideration minus Black-Scholes Warrant Value (as defined in the warrant agreement) of the warrant.

The warrants have been issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then issued and outstanding public warrants to make any change that adversely affects the interests of the registered holders of public warrants.

The warrant holders do not have the rights or privileges of holders of ordinary shares and any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by shareholders.

***Private Placement Warrants***

As of December 31, 2021, there were 11,533,333 private placement warrants outstanding. The private placement warrants (including the shares of common stock issuable upon exercise of the private placement warrants) will not be redeemable by us (except as described under “Description of Securities - Redeemable Warrants - Public Redeemable Warrants - Redemption of warrants when the price per share of common stock equals or exceeds \$10.00”) so long as they are held by the Sponsor or its permitted transferees. The Sponsor, or its permitted transferees, has the option to exercise the private placement warrants on a cashless basis and have certain registration rights described herein. Otherwise, the private placement warrants have terms and provisions that are identical to those of the public warrants. If the private placement warrants are held by holders other than the Sponsor or its permitted transferees, the private placement warrants will be redeemable by us in all redemption scenarios and exercisable by the holders on the same basis as the public warrants.

Except as described under “Description of Securities - Redeemable Warrants - Public Redeemable Warrants - Redemption of warrants when the price per share of common stock equals or exceeds \$10.00,” if holders of the private placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering his, her or its warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the excess

of the “historical fair market value” (defined below) less the exercise price of the warrants by (y) the historical fair market value. For these purposes, the “historical fair market value” shall mean the average last reported sale price of the shares of common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent.

**Anti-takeover Effects of the Certificate of Incorporation and the Bylaws**

The Certificate of Incorporation and the Bylaws contain provisions that may delay, defer or discourage another party from acquiring control of Joby Aviation. We expect that these provisions, which are summarized below, will discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of Joby Aviation to first negotiate with our board of directors, which we believe may result in an improvement of the terms of any such acquisition in favor of our stockholders. However, they also give our board of directors the power to discourage mergers that some stockholders may favor.

**Special Meetings of Stockholders**

The Certificate of Incorporation provides that a special meeting of stockholders may be called by the (a) the Chairperson of our board of directors, (b) our board of directors, (c) our Chief Executive Officer or (d) our President, provided that such special meeting may be postponed, rescheduled or cancelled by our board of directors or other person calling the meeting.

**Action by Written Consent**

The Certificate of Incorporation provides that any action required or permitted to be taken by the stockholders must be effected at an annual or special meeting of the stockholders, and may not be taken by written consent in lieu of a meeting.

**Requirements for Advance Notification of Stockholder Nominations and Proposals**

The Bylaws provide for advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the board of directors or a committee of the board of directors.

**Classified Board of Directors**

Our Certificate of Incorporation provides that our board of directors is divided into three classes, with the classes as nearly equal in number as possible and each class serving three-year staggered terms. The board of directors or any individual director may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least a majority of the voting power of all of the then outstanding shares our voting stock entitled to vote at an election of directors.

**Delaware Anti-Takeover Statute**

Section 203 of the DGCL provides that if a person acquires 15% or more of the voting stock of a Delaware corporation, such person becomes an “interested stockholder” and may not engage in certain “business combinations” with such corporation for a period of three years from the time such person acquired 15% or more of such corporation’s voting stock, unless: (1) the board of directors of such corporation approves the acquisition of stock or the merger transaction before the time that the person becomes an interested stockholder, (2) the interested stockholder owns at least 85% of the outstanding voting stock of such corporation at the time the merger transaction commences (excluding voting stock owned by directors who are also officers and certain employee stock plans), or (3) the merger transaction is approved by the board of directors and at a meeting of stockholders, not by written consent, by the affirmative vote of 2/3 of the outstanding voting stock which is not owned by the interested stockholder. A Delaware corporation may elect in its certificate of incorporation or bylaws not to be governed by

this particular Delaware law. Under the Certificate of Incorporation, Joby Aviation opted out of Section 203 of the DGCL, but will provide other similar restrictions regarding takeovers by interested stockholders.

**Limitations on Liability and Indemnification of Officers and Directors**

The Certificate of Incorporation provides that we will indemnify our directors to the fullest extent authorized or permitted by applicable law. We expect to enter into agreements to indemnify our directors, executive officers and other employees as determined by our board of directors. Under the Bylaws, we are required to indemnify each of our directors and officers if the basis of the indemnitee's involvement was by reason of the fact that the indemnitee is or was our director or officer or was serving at our request as a director, officer, employee or agent for another entity. We must indemnify our officers and directors against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the indemnitee in connection with such action, suit or proceeding if the indemnitee acted in good faith and in a manner the indemnitee reasonably believed to be in or not opposed to our best interests, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the indemnitee's conduct was unlawful. The also require us to advance expenses (including attorneys' fees) incurred by a director or officer in defending any civil, criminal, administrative or investigative action, suit or proceeding, provided that such person will repay any such advance if it is ultimately determined that such person is not entitled to indemnification by us. Any claims for indemnification by our directors and officers may reduce our available funds to satisfy successful third-party claims against us and may reduce the amount of money available to us.

**Exclusive Jurisdiction of Certain Actions**

The Certificate of Incorporation provides that: (i) unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or, if such court does not have jurisdiction, the federal district court for the District of Delaware or other state courts of the State of Delaware) and any appellate court thereof will, to the fullest extent permitted by law, be the sole and exclusive forum for: (A) any derivative action or proceeding brought on our behalf, (B) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers or stockholders to us or to our stockholders, (C) any action arising pursuant to any provision of the DGCL, the Bylaws or Certificate of Incorporation (as either may be amended from time to time), or as to which the DGCL confers jurisdiction on the Court of Chancery of the State of Delaware, or (D) any action asserting a claim against us or any current or former director, officer or stockholder governed by the internal affairs doctrine; (ii) unless we consent in writing to the selection of an alternative forum, the federal district courts of the United States will, to the fullest extent permitted by law, be the sole and exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act; (iii) notwithstanding the foregoing, the forum selection provisions will not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts of the United States have exclusive jurisdiction; and (iv) any person or entity purchasing or otherwise acquiring any interest in any security of Joby Aviation will be deemed to have notice of and consented to these provisions.

Although the Certificate of Incorporation contains the forum selection provisions described above, it is possible that a court could find that such provisions are inapplicable for a particular claim or action or that such provisions are unenforceable. For example, Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. Accordingly, there is uncertainty as to whether a court would enforce such forum selection provisions as written in connection with claims arising under the Securities Act.

**Transfer Agent and Warrant Agent**

The transfer agent and warrant agent for our common stock and warrants, respectively, is Continental Stock Transfer & Trust Company. The transfer agent's address is 1 State Street, 30th Floor, New York, New York, 10004-1561.

## SELLING SHAREHOLDERS

This prospectus relates to the resale from time to time of up to an aggregate of 98,357,200 shares of our common stock by the Selling Shareholders. When we refer to the “Selling Shareholders” in this prospectus, we mean the persons listed in the table below, and the pledgees, donees, transferees, assignees, successors, designees and others who later come to hold any of the Selling Shareholders’ interest in the common stock other than through a public sale.

The following table sets forth, based on information provided by or on behalf of the Selling Shareholders and filings with the SEC as applicable, the name of each Selling Shareholder, the aggregate number of shares of Common Stock beneficially owned by such Selling Shareholder, the aggregate number of shares of common stock that such Selling Shareholder may offer from time to time pursuant to this prospectus and the number of shares of common stock that would be beneficially owned by each Selling Shareholder after the sale of the shares of Common Stock offered hereby assuming that the Selling Shareholders sell all of the shares of common stock being offered pursuant to this prospectus. Percentage ownership is based on 607,557,271 shares of common stock outstanding as of August 5, 2022. Beneficial ownership is determined according to the rules of the SEC, which generally provide that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power over that security, including options and warrants that are currently exercisable or exercisable within 60 days.

A Selling Shareholder may sell or otherwise transfer all, some or none of such Selling Shareholder’s shares of common stock in this offering. See “Plan of Distribution.” We cannot advise you as to whether the Selling Shareholders will in fact sell any or all of such shares of common stock. The Selling Shareholders identified below may have sold, transferred or otherwise disposed of all or a portion of their common stock after the date on which they provided us with information regarding their common stock. Since the effectiveness of the Registration Statement on Form S-1 of which this prospectus is a part, certain securityholders may have sold or otherwise transferred their common stock registered thereunder. In addition, the Selling Shareholders may sell, transfer or otherwise dispose of, at any time and from time to time, common stock in transactions exempt from the registration requirements of the Securities Act after the date of this prospectus. Information about the Selling Shareholders, including those listed below, may change over time.

Selling Shareholder information for each additional Selling Shareholder, if any, will be set forth by prospectus supplement to the extent required prior to the time of any offer or sale of such Selling Shareholder’s shares pursuant to this prospectus. To the extent permitted by law, a prospectus supplement may add, update, substitute, or change the information contained in this prospectus, including the identity of each Selling Shareholder and the number of shares of common stock registered on its behalf.

Selling Shareholder information for each additional Selling Shareholder, if any, will be set forth by prospectus supplement to the extent required prior to the time of any offer or sale of such Selling Shareholder’s shares pursuant to this prospectus. To the extent permitted by law, a prospectus supplement may add, update, substitute, or change the information contained in this prospectus, including the identity of each Selling Shareholder and the number of shares of common stock registered on its behalf. A Selling Shareholder may sell or otherwise transfer all, some or none of such shares of common stock in this offering. See “Plan of Distribution.”

For information regarding transactions between us and the Selling Shareholders, see the section entitled “*Certain Relationships and Related Person Transactions*”.

## PLAN OF DISTRIBUTION

The Selling Shareholders, which as used herein includes donees, pledgees, transferees, distributees or other successors-in-interest selling shares of our common stock or warrants or interests in our common stock or warrants received after the date of this prospectus from the Selling Shareholders as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer, distribute or otherwise dispose of certain of their shares of common stock or warrants or interests in our common stock or warrants on any stock exchange, market or trading facility on which shares of our common stock or warrants, as applicable, are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The Selling Shareholders may use any one or more of the following methods when disposing of their shares of common stock or warrants or interests therein:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- one or more underwritten offerings;
- block trades in which the broker-dealer will attempt to sell the shares of common stock or warrants as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its accounts;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- distributions to their members, partners or shareholders;
- short sales effected after the date of the registration statement of which this prospectus is a part is declared effective by the SEC;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- in market transactions, including transactions on a national securities exchange or quotations service or over-the-counter market;
- directly to one or more purchasers;
- through agents;
- broker-dealers may agree with the Selling Shareholders to sell a specified number of such shares of common stock or warrants at a stipulated price per share or warrant; and
- a combination of any such methods of sale.

The Selling Shareholders may, from time to time, pledge or grant a security interest in some shares of our common stock or warrants owned by them and, if a Selling Shareholder defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell such shares of common stock or warrants, as applicable, from time to time, under this prospectus, or under an amendment or supplement to this prospectus amending the list of the Selling Shareholders to include the pledgee, transferee or other successors in interest as the Selling Shareholders under this prospectus. The Selling Shareholders also may transfer shares of our common stock or warrants in other

---

[Table of Contents](#)

circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of shares of our common stock or warrants or interests therein, the Selling Shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of our common stock or warrants in the course of hedging the positions they assume. The Selling Shareholders may also sell shares of our common stock or warrants short and deliver these securities to close out their short positions, or loan or pledge shares of our common stock or warrants to broker-dealers that in turn may sell these securities. The Selling Shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities that require the delivery to such broker-dealer or other financial institution of shares of our common stock or warrants offered by this prospectus, which shares or warrants such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the Selling Shareholders from the sale of shares of our common stock or warrants offered by them will be the purchase price of such shares of our common stock or warrants less discounts or commissions, if any. The Selling Shareholders reserve the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of share of our common stock or warrants to be made directly or through agents. We will not receive any of the proceeds from any offering by the Selling Shareholders.

The Selling Shareholders also may in the future resell a portion of our common stock or warrants in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule, or pursuant to other available exemptions from the registration requirements of the Securities Act.

The Selling Shareholders and any underwriters, broker-dealers or agents that participate in the sale of shares of our common stock or warrants or interests therein may be “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of shares of our common stock or warrants may be underwriting discounts and commissions under the Securities Act. If any Selling Shareholder is an “underwriter” within the meaning of Section 2(11) of the Securities Act, then the Selling Shareholder will be subject to the prospectus delivery requirements of the Securities Act. Underwriters and their controlling persons, dealers and agents may be entitled, under agreements entered into with us and the Selling Shareholders, to indemnification against and contribution toward specific civil liabilities, including liabilities under the Securities Act.

To the extent required, our common stock or warrants to be sold, the respective purchase prices and public offering prices, the names of any agent, dealer or underwriter, and any applicable discounts, commissions, concessions or other compensation with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

To facilitate the offering of shares of our common stock and warrants offered by the Selling Shareholders, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of our common stock or warrants. This may include over-allotments or short sales, which involve the sale by persons participating in the offering of more shares of common stock or warrants than were sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of our common stock or warrants by bidding for or purchasing shares of common stock or warrants in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if shares of common stock or warrants sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of our common stock or warrants at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

Under the Registration Rights Agreement, we have agreed to indemnify the Selling Shareholders party thereto against certain liabilities that they may incur in connection with the sale of the securities registered hereunder, including liabilities under the Securities Act, and to contribute to payments that the Selling Shareholders may be required to make with respect thereto. In addition, we and the Selling Shareholders may agree to indemnify any underwriter, broker-dealer or agent against certain liabilities related to the selling of the securities, including liabilities arising under the Securities Act.

We have agreed to maintain the effectiveness of this registration statement until all such securities have been sold under this registration statement or Rule 144 under the Securities Act or are no longer outstanding. We have agreed to pay all expenses in connection with this offering, other than underwriting fees, discounts, selling commissions, stock transfer taxes and certain legal expenses. The Selling Shareholders will pay, on a pro rata basis, any underwriting fees, discounts, selling commissions, stock transfer taxes and certain legal expenses relating to the offering.

Selling Shareholders may use this prospectus in connection with resales of shares of our common stock and warrants. This prospectus and any accompanying prospectus supplement will identify the Selling Shareholders, the terms of our common stock or warrants and any material relationships between us and the Selling Shareholders. Selling Shareholders may be deemed to be underwriters under the Securities Act in connection with shares of our common stock or warrants they resell and any profits on the sales may be deemed to be underwriting discounts and commissions under the Securities Act. Unless otherwise set forth in a prospectus supplement, the Selling Shareholders will receive all the net proceeds from the resale of shares of our common stock or warrants.

A Selling Shareholder that is an entity may elect to make an in-kind distribution of common stock or warrants to its members, partners or shareholders pursuant to the registration statement of which this prospectus is a part by delivering a prospectus. To the extent that such members, partners or shareholders are not affiliates of ours, such members, partners or shareholders would thereby receive freely tradable shares of common stock or warrants pursuant to the distribution through a registration statement.

We are required to pay all fees and expenses incident to the registration of shares of our common stock to be offered and sold pursuant to this prospectus, which we expect to be approximately \$559,283.

**Item 15. Indemnification of Directors and Officers**

Subsection (a) of Section 145 of the DGCL empowers a corporation to indemnify any person who was or is a party or who is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful.

Subsection (b) of Section 145 empowers a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person acted in any of the capacities set forth above, against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145 further provides that to the extent a director or officer of a corporation has been successful on the merits or otherwise in the defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith; that indemnification provided for by Section 145 shall not be deemed exclusive of any other rights to which the indemnified party may be entitled; and the indemnification provided for by Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of such person's heirs, executors and administrators. Section 145 also empowers the corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the

corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify such person against such liabilities under Section 145.

Section 102(b)(7) of the DGCL provides that a corporation's certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit.

Additionally, our Certificate of Incorporation limits the liability of our directors to the fullest extent permitted by the DGCL, and our Bylaws provide that we will indemnify them to the fullest extent permitted by such law. We have entered into and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by our board of directors. Under the terms of such indemnification agreements, we are required to indemnify each of our directors and officers, to the fullest extent permitted by the laws of the state of Delaware, if the basis of the indemnitee's involvement was by reason of the fact that the indemnitee is or was our director or officer or was serving at our request in an official capacity for another entity. We must indemnify our officers and directors against all reasonable fees, expenses, charges and other costs of any type or nature whatsoever, including any and all expenses and obligations paid or incurred in connection with investigating, defending, being a witness in, participating in (including on appeal), or preparing to defend, be a witness or participate in any completed, actual, pending or threatened action, suit, claim or proceeding, whether civil, criminal, administrative or investigative, or establishing or enforcing a right to indemnification under the indemnification agreement. The indemnification agreements also require us, if so requested, to advance all reasonable fees, expenses, charges and other costs that such director or officer incurred, provided that such person will return any such advance if it is ultimately determined that such person is not entitled to indemnification by us. Any claims for indemnification by our directors and officers may reduce our available funds to satisfy successful third-party claims against us and may reduce the amount of money available to us.
